

QUALITY POLICY

Calçado Eurovilde De Pereira & Irmãos, Lda. has the mission of being a footwear producer, committed to continuously satisfying market expectations, with the involvement of all interested parties, namely customers, suppliers and employees.

The company's objectives are to produce and supply products that meet the needs of customers, that fulfill the function for which they are designed, customer requirements, legislation and applicable, with the participative commitment of all employees.

Thus, this policy supports the following principles:

✓ Quality management

Ensure compliance of our products and services, as well as compliance with the requirements of the standard applicable to our Quality Management System

✓ Teamwork

Ensure the participation of all employees in the different activities of the company, through a functional interconnection of the various processes.

✓ Desktop

Ensure the working environment necessary to achieve compliance with product requirements.

✓ Continuous improvement

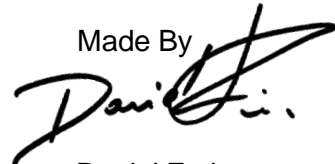

Continuously analyze the results obtained and trigger actions that allow for a constant development and improvement of our processes, products and services, while simultaneously improving the effectiveness of our Quality Management System.
